Tender application for Simpson Car Club Inc (Simpson Speedway)

The Simpson Car Club Inc (Promoters of the Simpson Speedway) are inviting your company to tender for the following Security contract for the 2022/2023 Season.

Role: Provide Security Guards to Venue

Responsibility: To provide crowd control and following security protocols.

Period of contract: Season 2022/2023 (December through to May) with attending meetings as arranged.

Details: Minimum of 2 guards are to be provided on a hour rate (estimated from 4pm to 11pm) on the arranged nights.

Location of services required: Simpson Speedway, 435 Speedway Road Jancourt East.

Details of role:

- Arrive 15 minutes prior to spectator gate open time to ensure all staff are in position for gate opening and crowd entry to pavilion.
- Ending the shift 5 minutes after the completion of the last race of the night
- Attend to crowd during entry and exiting of the venue (ensure all patrons have valid entry ticket – provide pass outs for patrons of event during the night)
- Monitor crowd behaviour and fulfil the duties of a crowd controller
- Assist in security of transferring money from locations within the venue on request of Simpson Car Club Inc Official.
- At All Times - Monitor the Pit entry gate from Spectator area to ensure all patrons have correct armbands to the restricted Pit Enclosure (and are wearing them)
- Prevent entry of general spectators from entering the Pit Enclosure during the race meeting until last car has exited track and is back at transporter (safe)
- Ensure all patrons are only smoking in the 'Smoking Areas'
- Check Bags on entry to prevent patrons from bringing alcohol into the venue

It is the Simpson Car Club Inc requirement, that both guards are to attend to the spectator entry gate and manage the entry of patrons. Checking patrons bags and ensuring they have correct entry to the venue. Once the racing has commenced and the major influx of the crowd has entered the

venue, 1 guard is to stay at the entry/exit gate at all times with the other guard roaming the crowd and 'being seen' covering all areas of the (public areas) venue. This enables patrons to feel safe and provides them with an opportunity to address any issues that may arise during the event.

If the guard has any concerns during the night, a committee member or official will be happy to assist and will work with the guard to achieve the desired outcome.

Tender process open: 01/09/2022

Tender process closes: 01/10/2022

The Simpson Car Club Inc expresses their right to make their selection of the successful tender application

Tender applications or any questions regarding the application are to be directed to the following email address simpsonspeedway@outlook.com and a member of the club will answer any questions you may have.
